

Introducing a breakthrough technology to bring life back to normal.

It's been a tough year. Viruses in the current pandemic have taken so much from all of us... more than 400 million people have lost the ability to provide for themselves and their families globally. And frankly, the new normal is anything but normal.

At a time like this, when we are afraid to step out, have friends, guests over, to get back to work, there's one thing we can assure you of... Protection from transmission in enclosed spaces. The Shycocan is a path-breaking technological innovation, a Virus Attenuation Device that disables viruses in the current pandemic with 99.9% efficacy* indoors. It's about time we get life back to normal.

Shycocan's Innovative Technology

100% Safe

No harmful side-effects to humans, animals or the environment

Effective

Disables viruses by 99.9%* in enclosed spaces

Plug & Play

Easy installation and no consumables required

Protects 1000 sq. ft.

Multiple devices can be used for larger spaces

PRODUCT SPECIFICATIONS:

Effectiveness	99.9% efficacy against virus in the pandemic
Dimension	Length - 250 mm, Diameter - 260 mm
Cooling Air	64 CFM
Power Rating	40 W
Coverage Area	10,000 cubic feet or 1,000 sq. ft.
Ozone Emission	Below Detectable Limit (BDL)
Body Shell	Dielectric material
Product Weight (Net/Gross)	6.5 Kgs. max/9.5 Kgs. max
Installation	Wall mount
Life Cycle	5 years
